
Terminal Goal
Participants will be able to write and implement a lesson that uses effective questioning strategies to deepen student thinking.
Enabling Goal
Participants will be able to deliver an effective question using strategies and reflect on how their questions can be improved.
Unit 2
Objective
Participants will create a lesson that incorporates effective questioning strategies.
Objective
Participants will reflect on their students' responses to determine how to write better questions.
Objective
Participants will analyze their own questioning strategies to determine where they are lacking.
Objective
Participants will differentiate between an effective an ineffective question.
Unit 1
Enabling Goal
Participants will be able to compare and contrast effective and ineffective questions.
Prerequisite 1
Knowledge of basic educational theory and practice.
Prerequisite 2
