
Students will identify the uses and benefits iPads and learn how to incorporate them into classroom instruction.
Unit One: What is an iPad and how is it useful?
Unit Two: What activities and programs work best in the classroom?
Unit Three: How will you use iPad's in the classroom?
Learners will be able to identify basic functions of an iPad and determine how it can be used.
Learners will be able to state the benefits of an iPad by discovery of programs to use in the class.
Learners will be able to develop and apply ways to use iPad's in their classroom.
Activities:
* Read article
* Organize benefits
* Reflection: How would an iPad be useful to you?
Activities:
* Compare options for classroom use
*What are the best apps to use
* Reflection: Application Cards
Activities:
* Create two lessons that incorporate iPad's
* Reflection: How would you use an iPad in your class?
