Name:

Complete the chart below comparing the differences between cooperative learning and group work. Use the resources provided and any additional materials you may find. I filled out one of the boxes for you just to get you started. Each box should be 3-4 bullet points or sentences each in order to explain your thought.

	Group Work	**Cooperative Learning**
Grouping		
Roles		
Goals		
Group Interaction and Interdependence		
Assessment		
Group Processing	Lack of group processing and little reflection. Students finish activity with little knowledge of what they learned or why they were learning it.
